

2016-2017

AMERICAN SCHOLAR GROUP

UNIVERSITY PARTNERS

Who We Are

The American Scholar Group (ASG) is a full-service study-in-America organization dedicated to facilitating study-in-America opportunities and cross-cultural experiences. Based in western Pennsylvania and Eastern Ohio, ASG's programs serve American and international students, teachers, and institutions.

Greetings prospective student!

On behalf of all of us at the American Scholar Group (ASG), I am proud to present our 2016 – 2017 U.S. university and college partnerships to you!

ASG partner institutions are all regionally and nationally recognized, with specialized programs for students with different academic interests and goals. Most excitingly, we are pleased to announce that any international student applying through an ASG representative will qualify for scholarship awards ranging up to US\$112,000 for a four year undergraduate education! Awards differ according to each institution and depend on each applicant's academic records.

As you review our university and college partners in the following pages, you will find the recommended and top academic programs of each institution, scholarship awards available, and more information helpful for deciding which institution is appropriate for you.

Contact an ASG representative today to discuss your higher education goals and learn more about our 2016 – 2017 institutions!

Yours Sincerely,

A handwritten signature in black ink, reading "Robert Stanger". The signature is fluid and cursive, with the first name "Robert" and last name "Stanger" clearly legible.

Robert Stanger M.Ed
