SCHOOL IMMERSION CAMP

From March 25th – April 2nd, 2017, the American Scholar Group (ASG) and Sharpstown High School (SHS) welcomed a group of high school students from Japan, for a one week school immersion visit. Our visiting scholars had a week of cultural and academic experiences to introduce them to life in America. The students attended school during the day and took American English lessons in the afternoon. Additionally, they had the opportunity to tour Pittsburgh, Pennsylvania. While there they visited Carnegie Mellon University and the University of Pittsburgh as well as the Carnegie Museum of Natural History and took in the breathtaking view of the city from Mount Washington. Towards the end of the week, the students learned about rockets and even built and launched their own model rockets! Many joyous memories and wonderful friendships were forged on this immersion visit. We prepared this view book specially for you to reflect back on these special moments for years to come.

We hope to see you all someday soon!

Yours Truly,

*All your new friends & teachers
at the American Scholar Group*
