## About Us

John F. Kennedy (JFK) Catholic School is a private high school for **6th to 12th grade education** located in Warren, Ohio. JFK's MedPREP program features a designed four-year curricular track that prepares students for collegiate studies in Medicine. Students can participate in round-table talks with healthcare practitioners, volunteer at healthcare facilities, observe live surgeries and autopsies, learn basic medical procedures and gain work shadowing experience at a nearby hospital. JFK also offers a Think Lab program designed to make students future-ready by creating a space for cultivating essential problem-solving and entrepreneurial skills.
